

Colonial Downs has re-opened, providing New Kent with new revenues.

Will your county government spend that money responsibly?

A re-opened and reinvigorated Colonial Downs is good news for New Kent. But, we need to be sure your county government invests in initiatives to prepare for the future.

The Partnership for New Kent 2030 is a citizen-led group committed to preserving our county's unique natural beauty and rural character. We believe county government should use the new revenues from Colonial Downs to:

- ✓ **Upgrade Infrastructure.** We need an expansion of broadband, so that more of our residents have access to what has become an essential service. Water and sewer systems, social and public safety programs need more emphasis, too.
- ✓ **Strengthen Schools.** We're proud of our schools, and rightly so. But since we're one of Virginia's fastest growing counties, our schools will need more resources, including expanding vocational and technical opportunities.

Are you thinking what we're thinking?
